To Whom It May Concern:

I am writing this letter on behalf of Joanna McAttee. I have hired her for the past three years for our Season Finale Wrap Parties. Her psychic services have been a hit every year with us and there is always a demand to bring her back. For the two years before I met her we hired other psychics that didn't get half the attention or requests that Joanna gets.

Our parties are high end Hollywood elite parties that draw 500-600 people. By the end of the night the word is out and people can't get enough of Joanna. I can't recommend her services highly enough. She is great to work with, no hassles or problems. She is just the highest quality person you could ever hope to get to do an event of any kind.

Thank you,
